Developing Emotional Education Pathways and Art Centered Therapy Services against gender violence

DEEP ACTS 3.10.2020 WEBINAR RECORD

It was held in Bologna, October 3rd-5th, the experiential workshop on the theme of Art Therapy, with the practical use of art therapy and photo-art therapy techniques, organized by the association Fermata d'Autobus.

The workshop also developed a strategic synergy with the "[Festival of Outsider Art - Arte Irregolare](#)", an itinerant festival organized annually by one of the partners, Nuovo Comitato il Nobel per i Disabili, which this year reached its fifth edition and had Bologna as host city. The first day of the workshop took place in the frame of the Festival and within its program through an **online webinar that you can see clicking on the following image**
